IUCEE News and Updates

Program Updates:

- **IIEECP Teacher Certification Course:** The second pilot of the IUCEE International Engineering Educator Certification Program (IIEECP), sponsored by IGIP, Austria and Microsoft was concluded for its 36 participants in May 2016. An Institutional Pilot of the IIEECP Course for Vardhaman College of Engineering, Hyderabad, for 40 faculty was also concluded in May 2016.

The IIEECP Certification Program for 2016-17 is being revised based on the experiences from the three Pilots conducted in 2015-16. Phase I is being offered at eight different locations all over India during May- August, 2016. Phase II on-line modules will be offered September – December 2016. The revised version is expected to lead to financial sustainability as well as significant scale-up.

- **IUCEE Virtual Academy:** Several of the Oral Presentations for ICTIEE 2016 continue to be offered as webinars as part of this series. The attendance and response has been very good. Readers of JEET are encouraged to consider offering webinars of their recent work related to engineering education. It is very easy. A 10 minute practice session will be offered to those interested. For any additional information about any of the above please send email to Sridhar Nori, Manager IUCEE Virtual Academy, sridharn18@gmail.com
- **IUCEE Gurukuls for Learning and Outcomes Based Education (iGLOBE):** The IUCEE Gurukuls for Learning and Outcomes Based Education (iGLOBE) program, has been launched. The Gurukul program addresses the vital need for institutions to develop self-reliance towards achieving excellence in engineering education. 19 Gurukuls have been site-visited and confirmed. IUCEE will facilitate these Gurukuls, which will be modeled as a blend of the Centers for Engineering Education and Centers for Teaching and Learning around the world. Applications for new Gurukuls will be accepted at any time. The first Gurukul Summit will be held July 28, 29 at KLE Technological University, Hubballi, Karnataka.
- **IUCEE-EPICS:** IUCEE has launched a strategic partnership to expand opportunities for IUCEE Consortium institutions to adapt the EPICS (Engineering Projects in Community Service) of Purdue University, USA. Six partner institutions will meet for a training session with Prof. Oakes in Hyderabad from July 6-8, 2016.
- **Industry Teaching Fellows:** IUCEE has initiated the Industry Teaching Fellows program by recruiting experienced engineers from industry in India to serve as role models and facilitate industry-academy partnerships. Several Fellows have already offered webinars to help introduce real-world relevance to curriculum in IUCEE consortium institutions.

Upcoming Conferences

- **RCEE 2016:**The Sixth Regional Conference on Engineering Education (RCEE 2016) is being held at Kuala Lumpur, Malaysia from August 9-10, 2016: <http://tree.utm.my/rcee-2016/>
- **WEEF and GEDC 2016:** The World Engineering Education Forum 2016, Global Engineering Deans Council 2016 as well as the Global Student Forum will be held together in Seoul, Korea from November 6-10, 2016. Details are at: <http://www.weef-gedc2016.org/>.
- **ICTIEE 2017:** The Fourth International Conference on Transformations in Engineering Education, co-organized by IUCEE, will be held at three locations: Jan 6-8, 2017 at Vardhaman College of Engineering, Hyderabad, Jan 9-10, 2017 at R.K. University, Rajkot and Jan 11-12, 2017 at Manipal University Jaipur. Please visit website for information and Call for Papers : <http://www.ictiee.org/>
