

## Authors Biography

**B. Yakub** is presently working as an Assistant Professor in the department of Electronics and Communication engineering, at Hyderabad Institute of Technology and Management (HITAM), Medchal, Hyderabad, India. He is having 2+ years of teaching experience. His areas of interest are Low Power VLSI, Wireless communication and Cryptography.

**Santosh Madeva Naik** is presently working as an Assistant Professor in the department of Mechanical engineering, at Hyderabad Institute of Technology and Management (HITAM), Medchal, Hyderabad, India. He is having 1+ years of teaching experience. His areas of interest are Fracture Mechanics, Composite Materials. He published papers in 5 International Journals. Participated in 2 International and 2 National conferences.

**Thanikachalam Vedhathiri, B.E.** (1968, Civil Engineering, Madras Univ.), M. Tech. (1970, Foundation Engineering, IIT Madras), Ph.D. (1975, Design of Filters, Civil Engineering, Madras Univ.), M.S. (1988, Instructional System Technology, Indiana Univ. USA), FIE, FIGS, FFIUCEE; Former Professor and HOD, Center for International Affairs, National Institute of Technical Teachers Training and Research, Chennai; Supervised 18 PhD Scholars in Engineering Education; Implemented 15 global consultancy projects under ADB, UNDP, UNESCO, World Bank; Founder Professor of M. Tech (HRD); Former Fulbright Scholar; Published over 150 papers, books, reports, video programs; Now he is an Executive Consultant in Engineering Education and HRD.

**Azeem Unnisa** is presently working as an Assistant Professor in the department of Electronics and Communication engineering, at Hyderabad Institute of Technology and Management (HITAM), Medchal, Hyderabad, India. She is having 3+ years of teaching experience. Her areas of interest are Engineering Education Research, Project based learning and image processing. She is a Microsoft certified educator. She is also a IUCEE-IGIP certified educator with distinction.

**Vishnu Priya** I am currently pursuing 3rd year, in Bachelor of Technology in Electronics and Communication Engineering stream from Hyderabad Institute of Technology And Management (HITAM), at Medchal, Hyderabad. My areas of interests include Teaching, Research on Antennas and Satellite Communication. I am a member of IUCEE-EPICS at Hitam. I am also a part of my college SSG (student self-governance) team as a faculty and also a part of SSG research team. Also a member of ISB-TPE 2 years program

**Kothamasu Bhagyasree** is presently pursuing Bachelor of Technology in department of Electronics and Communication Engineering from Hyderabad Institute of Technology and Management (HITAM), Medchal, Hyderabad, India. Her area of interests are include Embedded Systems, Research on Antennas, Robotics and Circuit Designing. She is a member of IUCEE-EPICS and IEEE at Hitam and student of ISB-TPE.

**Vaishnavi Rao** is presently pursuing 3rd. year, in Bachelor of Technology in Electronics and Communication Engineering stream from Hyderabad Institute of Technology and Management (HITAM), at Medchal, Hyderabad. Her areas of interests include Research on Electronic Warfare and RADAR. She is a member of IEEE student branch at Hitam and also a member of IUCEE-EPICS.

**Sudhir Chandra** obtained M.Sc. (Physics) from Agra University in 1970. He did M.Tech. in Solid State Physics in 1972 and Ph.D. in the area of Microelectronics Technology in 1980, both at Indian Institute of Technology Delhi (IIT Delhi). He joined IIT Delhi as a faculty member in 1981 at the Centre for Applied Research in Electronics (CARE). He contributed significantly in setting up the Microelectronics Laboratory at IIT Delhi. He established various unit processes and integrated the processes for MOS ICs. His research interests include SIMOX SOI technology, polycrystalline silicon TFTs, laser recrystallization of polysilicon, CVD/PECVD processes, and direct wafer bonding. He has worked on various aspects of bulk and surface micromachining technologies for MEMS, for Fabry-Perot Interferometer (FPI) based pressure sensors and specifically for RF applications. His special research interests are in the area of synthesis of nanostructured metal oxides by thermal oxidation of corresponding metal films by thermal oxidation and their integration with MEMS processing for sensors. He retired from IIT Delhi as a Professor in 2016 and is currently working as a Professor in Bennett University, Greater Noida, UP (India).

**Saakshi Dhanekar** completed her Ph.D. in Electronics from Nano-Sensor Research Laboratory, F/o Engg. and Technology, Jamia Millia Islamia (Central University), New Delhi, India in January 2012. She worked as Assistant Professor at Amity Institute of Nanotechnology, Amity University, Noida, India from August 2011 till December 2012. She was awarded a 5 year project from Department of Science and Technology, Ministry of Science and Technology, Govt. of India under INSPIRE Faculty Scheme. She joined CARE, IIT Delhi in January 2013 as INSPIRE Faculty and is presently implementing her project based on detection of bacteria using nanomaterials for safe drinking water. Her current research area includes from fabrication to prototype development of devices to be used for social causes.

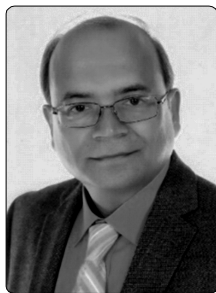

**Aishwarya Gopakumar** is presently pursuing 3rd. year in Bachelor of Technology in Electronics and Communication Engineering from Hyderabad Institute of Technology and Management (HITAM), at Medchal, Hyderabad. Her areas of interest include antenna and communication theory. She is a member of IEEE student branch at Hitam and a member of IUCEE-EPICS.

**Nikitha Chaluvadi** is presently pursuing Bachelor of Technology in department of Electronics and Communication Engineering from Hyderabad Institute of Technology and Management (HITAM), Medchal, Hyderabad, India. Her area of interests are VLSI, Robotics and Marketing. She is member of IUCEE-EPICS and student of ISB-TEP and IEEE at Hitam.

**Alok K. Verma** is Ray Ferrari Professor in the Engineering Technology Department at Old Dominion University. Dr. Verma received his B.S. in Aeronautical Engineering from IIT Kanpur, MS in Engineering Mechanics and PhD in Mechanical Engineering from ODU. Prof. Verma is a licensed professional engineer in the

state of Virginia, a certified manufacturing engineer and has certifications in Lean Manufacturing and Six Sigma. He has organized several international conferences and also served as associate editor for three International Journals. Dr. Verma's scholarly publications include more than 87 journal articles and papers in conference proceedings and over 50 technical reports. He has obtained external grants exceeding \$4.0 million and is well known internationally in the area of Lean Manufacturing. Dr. Verma has received the Regional Alumni Award for Excellence for his contribution to Lean Manufacturing research, International Education Award at ODU and Ben Sparks Medal by the American Society of Mechanical Engineers (ASME). He is active in ASME, American Society for Engineering Education (ASEE), Society of Manufacturing Engineers (SME), and Institute of Industrial Engineers (IIE).

**G Sai Teja Goud** I am was born in Hyderabad, India, in 1997. I'm currently pursuing my B.Tech Degree in Electronics and Communication Engineering from Hyderabad Institute of Technology and Management (HITAM), at Medchal, Hyderabad, India. In 2014, I've completed my XII th standard from Sri Chaitanya Junior Kalasala, Hyderabad. I held the position of Student Faculty at

SSG-HITAM. I have done my Mini -Project titled "Low cost Monitoring and Management of Traffic Signal in Real Time Environment". My areas of interest include deep space satellite communication. I am a member of IEEE student branch at Hitam.

**Rashmi Dixit** She was born in Barshi, India .She received the B.E. degree in Computer science and engineering from the Walchand Institute of Technology ,Solapur ,India, in 1999, and the M.E. Degree in computer science and engineering from the Pune University,Pune ,India, in 2007.

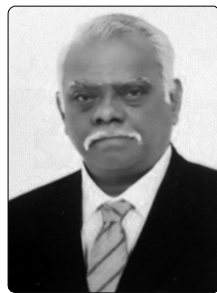

In 2002, she joined the Department of Computer Science & Engineering, Walchand Institute of Technology, as a Lecturer, and in 2010 became a Assistant Professor. Her current research interests include Data Mining, Cloud Computing. Presented and published more than 12 papers in National and international journals and conferences in education technology and in her research area.

**Pratibha S. Yalagi-Kaladeep**, Working as Assistant Professor in Department of Information Technology, Walchand Institute of Technology, Solapur. Have more than 17 years of teaching experience in UG & PG.

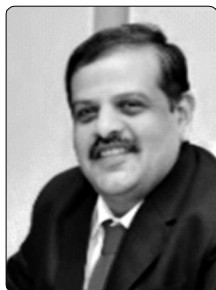

**S Arumugam** has completed his B.E in Govt college of Technology, Coimbatore M.E in Coimbatore Institute of Technology and Ph.D in Anna University, Chennai. He published more than 20 papers in international conference and journals. His research areas are Electrical Machines and power systems. He is in

teaching profession for more than 35 years. Presently he is working as professor of Electrical & Engineering in Malla Reddy Engineering College (Autonomous), Secunderabad, Telangana

**S.Sudhakara Reddy** received his B.Tech in Mechanical Engineering from Kakatiya University, Warangal and M.Tech. in Design and Production from NIT-Warangal. He completed Ph.D from Sri Venkateswara University, Tirupathi. His research work was carried out at DMRL and ARCI at Hyderabad. His area of research includes Tribology, CAD/CAM and Advanced Manufacturing Technology. He has more than 30 years of rich experience in both teaching and industry. He published more than 20 technical papers in national and international conferences and journals. He has also published articles and book chapters covering a considerable range of dreaming topics in the field of mechanical engineering. He is the Life member of ISTE, SAHTSE, FIE, IIPe, ISME and GEDC. He got two Lifetime Achievement Awards in best Administrative category and Engineering.

**D. Anitha** is working currently as Assistant Professor in the Department of Computer Applications, Thiagarajar College of Engineering. Her Academic qualifications include Ph.D. from Anna University, Chennai, Master of Computer Applications from Thiagarajar College of Engineering, Madurai and B.Sc. Computer Science. She has been part of the teaching fraternity since 2004 guiding Post graduate Computer Applications Students. Her teaching interests include Data structures & algorithms, Design & analysis of algorithms and Data mining. Her research publications include 4 international journals and 10 international conferences. She is very curious about using different teaching learning methodologies that improves learning and has been trying out a few. She has published her educational technology research works in reputed journals and conferences and has obtained IUCEE IIEECF certificate with Distinction.

**Jeyamala C** is working currently as Assistant Professor in the Department of Information Technology, Thiagarajar College of Engineering. Her Academic qualifications include Post graduate of Computer Science & Engineering from Anna University, Chennai. She is currently pursuing her research in the domain of Information Security. She has been part of the teaching fraternity since 2005 guiding Under graduate and Post graduate Information Technology Students. Her teaching interests include Cryptography, Artificial intelligence, Network security and Information Systems. Her research publications include 3 international journals and 7 international conferences. She has undergone various pedagogical training programmes and has a keen interest in using different teaching learning methodologies. She has obtained IUCEE IIEECF certificate with Distinction.

**Indi Trupti S.** received the B.E degree in Computer Science & Engineering from Pune University, Pune and the M. E. degree in Computer Science and Engineering from Solapur University, Solapur. She is presently working as an Assistant Professor in Department of Information Technology, Walchand Institute of Technology, Solapur, Maharashtra, India. She received SAP Award of Excellence during Four Week AICTE approved FDP by IIT Bombay on "Use of ICT in Education for Online and Blended Learning". She recognized as SILVER partner faculty under Inspire – The Campus Connect Faculty Partnership Model conducted by Infosys Limited, Pune. She has more than 10 papers in International/National Journal and Conference. Her research interest includes Image processing, Data Mining and Education Technology.

**S. Ajay Kumar** received his B.Tech in CSE from Vijay Rural Engineering College, Nizamabad in 2006 and his M. Tech in Computer Science from the prestigious JNTU Kakinada in the year 2008. His areas of interest are Wireless networks, Network security and cloud computing. He published 15 papers in various journals and conferences. He is currently associated with Malla Reddy Engineering College (Autonomous), Hyderabad, Telangana as Associate Professor, Department of CSE. Besides teaching, he co ordinates the online internal examinations for the UG engineering students. He is life member of ISTE and CSI.

**Dol (Aher) Sunita M.** received the B.E degree in Computer Science & Engineering from Amravati University, Amravati, and the M. E. degree in Computer Science and Engineering from Solapur University, Solapur. She is presently working as an Assistant Professor, in Department of Computer Science and Engineering, Walchand Institute of Technology, Solapur, Maharashtra, India.

She is twice recipient of awards from Infosys DC Pune, under Inspire-Campus Connect Faculty Excellence Award for the work in Education Technology as Distinguished Facilitator for 2014 and Content Guru for 2015 respectively. She also received SAP Award of Excellence during Four Week AICTE approved FDP by IIT Bombay on "Use of ICT in Education for Online and Blended Learning".

She has more than 40 papers in International/National Journal and Conference. She is the editorial member of two international journals and the reviewer for Elsevier, IEEE journal and International conferences. She was the co-coordinator and resource person for AICTE sponsored workshop. She received a scholarship for attending 5th IEEE Conference

on Technology for Education. Her research interest includes Data Mining and Education Technology.

**Kavitha D** received the B.E and M.E degrees in Electrical & Electronics Engineering and Power systems from Madurai Kamaraj University and Anna University, Tamil Nadu, India in 2003 and 2005 respectively. She received her Ph.D degree in the area of power quality from Anna University in 2014.

Currently, she works as Assistant Professor at Thiagarajar College Of Engineering, Madurai, India. Her main areas of interest are soft computing applications to power quality enhancement and Engineering Education research. She published about ten national and international journal papers and fifteen national and international conference papers. She is passionate of educational technology research and currently using many innovative teaching learning practices in her classroom.

**Priyanka Kumari** is pursuing her doctorate within the Department of Humanities and Social Sciences, Birla Institute of Technology and Sciences (BITS), Pilani Campus, Rajasthan, India, on intercultural communication competence of employees working in the Indian Information Technology (IT)

industry. She obtained her M.A. in English literature in 2013, and has previously worked as a faculty of English literature, and Communication and Personality Development. Her research interests include intercultural communication competence, intercultural willingness to communicate, and factors influencing communication behaviour of speakers of English as a second language.

**Virendra Singh Nirban** is presently working as an Associate Professor of Communication and English Studies in the Department of Humanities and Social Sciences at BITS, Pilani campus, Rajasthan, India. He has worked for over three year in the software industry with national and international customers. He has published

several research papers in international and national journals, and has presented papers in International conferences at London, Dubai and Bangkok. His areas of interest are computer-mediated communication, linguistic analysis of online content, and technology interventions in education and governance. He is a reviewer for Computers and Education, Elsevier Journal.

responsible for the pre-Silicon verification of test vectors and post-Silicon testing of Mode Transitions (MT) & POR circuits on voltage supplies in USB TYPE-C devices. (Photograph not available).

**Jaidrath Yadavwas** commissioned in the Electrical Cadre of Indian Navy. The officer completed his B. Tech. in Aeronautical Technology from CUSAT, Kochi in 2009 and M.Tech. in Radio Frequency Design and Technology (RFDT) from Centre for Applied Research in Electronics (CARE), IIT Delhi in 2014. He is presently appointed as Electrical Officer onboard INS Savitri. (Photograph not available)

**Dalesh Kumar Sahu** completed his graduation from NIT Raipur in 2012 in Electronics and Communication. He then completed his M.Tech in Radio Frequency Design and Technology (RFDT) from Centre for Applied Research in Electronics (CARE), IIT Delhi in 2015. Currently he is working as JTO in TERM Cell Maharashtra under Department of Telecommunication, Ministry of Communication and Information technology (MCIT). (Photograph not available)

**Anudeep Singh** completed his M. Tech in Radio Frequency Design and Technology (RFDT) from Centre for Applied Research in Electronics (CARE), IIT Delhi in 2016. Currently, he is working in Cypress Semiconductors Pvt. Ltd., Bangalore as a test Engineer where he is
