

## **News and Events**

- We have concluded a special ICTIEE Conference supported by APSSDC (AP State Skill Development Corporation) AP ICTIEE 2018 from July 15-17 at SRM University, Amaravati, AP. 16 global leaders discussed important topics including global attributes, doing and reflecting on design and working in teams, through panel discussions and TED-Style talks. Please visit <http://ictiee.org/ictieeap2018/> for more details. 182 Papers on transformations in engineering education were presented by faculty from all over India in 12 parallel sessions. In addition, workshops were being conducted by several industry sponsors and academic leaders.
- EPICS in India Annual Symposium Cosponsored by IUCEE and IEEE was held on 12-14 July at Radisson Hyderabad Hitech City. 110 faculty representing IUCEE-EPICS Partnership, IEEE-EPICS Partnership and APSSDC-IUCEE-EPICS Partnership as well as several other institutions had discussions and made plans for next year. For more details, please visit <http://iucce.org/iucce/iucce-epics-annual-symposium-2018/>
- The Second IUCEE Leadership Summit was held July 19-21, 2018 in Goa at the Hotel Goan Heritage – Gaura Vaddo, Calangute, Bardez, Goa. Leaders from 45 institutions as well as 20 international experts and 25 industry experts discussed ways to collaborate in the form of clusters with each other. Industry leaders will guide the process drawing from their experiences in quality improvement processes used by industry. For more details please visit <http://iucce.org/iucce/iucce-leadership-summit-2018/>
- 30 IUCEE institutions have started collaborating in the form of Clusters on 10 topics for transforming engineering education, as a follow up to the IUCEE Leadership Summit held in July 2018 in Goa. Clusters are Teaching and Learning Centers; IUCEE International Engineering Educators Certification Program, Engineering Projects in Community Service, Outcomes Based Education, Engineering Explorations in First Year Engineering Virtual and Remote Labs, Engineering Education Research, Entrepreneurship, Grand Challenges Scholar Program, Industry 4.0
- Dr. Michael Milligan, executive director and CEO of ABET conducted a seminar on ABET Accreditation on July 15th at Vijayawada, AP. For any additional information contact Mr. M. Kantha Reddy at [kreddy@abet.org](mailto:kreddy@abet.org), Adjunct Director- Accreditation, ABET, USA
- Student leaders of SCALE (Student Consortium for Advancement of Learning Engineering) conducted 16 Student Leadership Workshops all over India during the period July to October, 2018. They are preparing for Annual Student Conference in January 2019.
- More than 250 paper abstracts have been received for ICTIEE 2019 (International Conference on Transformations in Engineering Education) to be held in Hyderabad at Malla Reddy Engineering College on Jan 7 and 8 and in Chandigarh at Chitkara University on Jan 10 and 11. More than 20 international experts in engineering education are expected to participate. For more details please visit <http://ictiee.org/ictiee2019/>

- Our IUCEE International Engineering Education Certification Program (IIEECP) is scaling up rapidly. This year alone more than 400 faculty from all over India are participating in Phase II of the program.
- IUCEE AP Chapter is very active with 75 colleges from Andhra Pradesh as members. They are participating in various IUCEE programs including IIEECP, EPICS and SCALE.
- IUCEE-APSSDC courses on Teaching and Learning (Outcomes Based Education, Project Management, Engineering Education Research and Virtual/ Remote Labs) are in progress on-line (September to December 2018)
- IUCEE-APSSDC Courses on Emerging Technologies such as “Machine Learning” and “Internet of Things” are being finalized.
- Several leaders of IUCEE Consortium will be participating in the World Engineering Education Forum/ Global Engineering Deans Council (WEEF 2019/GEDC 2019) being held in Albuquerque, New Mexico, USA from November 12-16, 2018.
- Several leaders of SCALE will be participating in the Global Student Forum GSF 2018 to be held along with WEEF 2018 Albuquerque, New Mexico, USA from November 12-16, 2018.
